

SOUR-CIDE

Neutralizing Sour & Antichlor

SOUR-CIDE optimizes your laundry operations with its concentrated formula, which delivers rust-removing and water-conditioning properties to ensure fabric care across all water types. Designed for powerful pH neutralization at low doses, SOUR-CIDE provides superior results while minimizing product use.

Features & Benefits

- **Rust-Removing Properties** – Helps prevent stains and discoloration, extending the life of your fabrics.
- **Water-Conditioning Benefits** – Ensures optimal performance in all water conditions, improving wash quality.
- **Effective Across All Water Conditions** – Delivers consistent results, no matter the water type.
- **Powerful pH Neutralization at Low Dosing** – Minimizes detergent residue for a softer feel and reduced fabric wear.
- **Concentrated Formula** – Reduces product usage and costs, making it an efficient choice for your laundry needs.

Product Information

Product Line: **Laundry**

Category: **Detergent**

Matter: **Powder**

Color: **Light Blue**

Scent: **n/a**

pH: **n/a**
