

FOR IMMEDIATE RELEASE

GLOBAL EXPERIENCE TO BENEFIT THE US MARKET

Greenville, NC – November 14, 2024 – UNX-Christeyns is pleased to announce the appointment of Peter Jackson as the new Vice President of Commercial Laundry. With an extensive background in the industry, Peter brings over two decades of experience, having held senior leadership positions at Christeyns, where he was instrumental in driving growth and innovation in the company’s commercial laundry division.

Peter’s expertise in textile care and his deep understanding of the global laundry market will be invaluable as he leads UNX-Christeyns’ commercial laundry operations. He is known for his strategic vision, commitment to sustainability, and ability to forge strong partnerships with customers and industry stakeholders.

Justin Kerslake, Operations Director with Christeyns commented on Peter’s transition: “Peter has been a key member of our team, and we are very grateful for the contribution he has made here in the UK. Though he will be missed, he transfers with our best wishes and we are excited to see the impact he will make in with UNX-Christeyns in the US. His commitment to providing customers with sustainable solutions that provide value to their organizations, and their customers, will be embraced by the market.”

Josh Lilley, CEO of UNX-Christeyns, expressed his enthusiasm about Peter joining the team: “We are thrilled to welcome Peter Jackson to UNX-Christeyns. His deep industry knowledge and proven track record make him the perfect leader to drive our commercial laundry business forward. We are committed to delivering the best possible solutions to our customers, and Peter’s leadership will be pivotal in achieving this goal.”

Peter Jackson’s appointment signals UNX-Christeyns’ ongoing commitment to enhancing its market presence and delivering innovative, sustainable solutions to the commercial laundry industry.

About UNX-Christeyns

Based in North Carolina, the partnership of UNX and Christeyns brings together more than 100 years of experience in the textile care industry. Specializing in commercial quality cleaning chemicals for the laundry, warewashing, housekeeping, and dry/wet cleaning markets, these products are supported with custom-designed dispensing equipment to produce high-efficiency results for customers.
